2022 - Current

Istanbul Beykent
University

Bachelor of Software Engineering

I am a third-year Software Engineering student at Istanbul Beykent University. I am working on C++ and Java programming languages.

2018 - 2022

Makbule Hasan Ucar
Anatolian High School

High School Education

Certificate

2024

StudyZone

Certificate of Work and Travel

Hobbies & Interests

Throughout my high school years, I participated in numerous events and competitions as a licensed folk dance performer. I achieved first place in Aydin province and second place in the Aegean region. I have a great interest in history, and I enjoy reading books and conducting research on historical topics. Additionally, I play the electric guitar.
